This brings to a close WCSR's music for reading period. During the past eleven days, WCSR has presented a total of one hundred and forty-two hours of recorded instrumental music --- both classical and popular --- designed as background for studying. These broadcasts have been made possible through the co-operation of fifty-two WCSR staff announcers, and thirty -one technicians, who generously have donated their time to bring you thirteen hours each day of the finest recorded music.

WCSR, six hundred on your dial, is now concluding broadcasting for the summer vacation. The management and staff of this station wish to thank all our listeners for your encouragement and support throughout the past eight months. We also want to wish you the best of luck in your examinations, and hope that your summer will be a most enjoyable one. To the class of 1954, our congratulations, and best wishes for the future. And for the benefit of the Freshmen, Sophomores, and Juniors, we would like to announce that WCSR will resume broadcasting on Tuesday, September 21, at two o'clock in the afternoon. So plan to be on hand at that time for more of the best in music, news, sports, and special events over WCSR, at 600 on your dial. . . . . This station is operated by the students of Smith College, and broadcasts on a carrier frequency of 600 kilocycles, as authorized by the Federal Communications Commission. WCSR is a member of the Pioneer Broadcasting System. Studios are located at ten and one-half Prospect Street, Northampton, Massachusetts. This is Anne Williston, speaking for Saby Davis and the rest of WCSR staff, and wishing you all a Good Night and goodbye until September.
